“

I'm so thankful for Huai Jie's help this entire month. She has constantly reminded me to rest well and more, often taking over Jenna even when she should be resting in the day since she takes the night shifts. Thank you Huai Jie and @pemconfinementnanny for yet another amazing confinement experience.

It's the 5th day since my nanny #1116 from @pemconfinementnanny left and I'm definitely wishing my confinement was longer. Auntie Xiuyun has been nothing but amazing and I'm so glad I got her for both my girls and I miss her so so much already!

”

“

I am so blessed to have Nanny Chan from @pemconfinementnanny who is really hardworking, organised, hygienic and meticulous. I am truly impressed by her work!
